Though Shakespear's play 'Romeo and Juliet' was written around 1595, it is still modern and interests people a lot.

Write 150 – 200 words.

### Remember to

- express your personal opinion on the problem and give reasons for your opinion,
- make a conclusion.

William Shakespeare wrote the play 'Romeo and Juliet' already more than hundred years ago. But still it's very famous and everyone knows the tragedy-lovestory of Romeo and Juliet. But why? Even in school you're reading the story and talking about it. Every year you can see people in the theatre performing 'Romeo and Juliet'. The story is known in more than hundred languages and nobody stops talking about it. In my opinion it's because the author William Shakespeare. He's a must-know man and wrote about 30 plays and two long poems. His style, how he writes and which feelings he puts into his storys were amazing. Every single story has a different plot and shows different feelings. It makes you think more about the story. Also the story 'Romeo and Juliet' can be performed and interpreted in different ways. So there's not only one way to look at it, but 100 ways. It can be a sad, but also a happy story, a modern or old story. And you can find love between two people. About the topic love you can discuss hours and interpretate in so many ways. So the story is never getting boring. In the end I would say the story is that popular because of the plot and the way how the author wrote, how he showed feelings and how he talked about love. It's very interesting in how many ways you can see just one story.
