Writing

You've seen this announcement on your school notice board.

We want your reviews now!

Have you enjoyed a particular programme on TV recently? Or is there one that you just can't stand? Either way, why not write a review for the school website? Include plenty of information about the programme and give us your opinions on it, good or bad.

Write your review (180 – 200 words).

Use this plan:

- Introduction: give some general information about the programme.
- Main part (2 paragraphs)
 - Give a brief summary of the plot.
 - Include comments about what you like/dislike.
- Conclusion: state your general opinion; say whether you recommend it or not.

For you to help: TV programmes: soap opera, sitcom, game show, talk show, reality show, documentary etc.

The programm I will be talking about is the main series for a TV channel that is focused on a documentaries about nature and wild animals.

There is mostly no storylines and general plot or anything similar to that, which is the case for almost all of the documentaries. The best part of the show is that it gives the opportunity to see how wild animals live in their natural ~~habitat~~ and not in a cage like in a zoo. The documentary itself shows us a glimpse of life of the animals. We can see how they find sources of food and water, how they sleep and defend themselves and their children from danger.

The things I like the most in this show are camera work and the production. Dictor will be explaining something and we will be getting a great shots of it. When it comes together it just pleases to see.

I really enjoy watching this type of shows because I always get really invested in lives of animals. But this show in particular hits different because of a good production and great camera work. I would definitely recommend to watch it.
